RE: New Roof

To Whom It May Concern,

In June we hired Jared Langley Roofing and Remodel to replace the roof on our home located at 5040 Lower Miller Creek Road in Missoula, MT. I have known and had numerous business transactions with Jared Langley for a number of years.

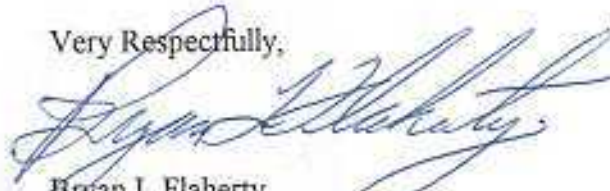

The crew arrived on site when promised and completed the tear off the same day; taking great care of our shrubs, flowers and patio furniture through the process. They completely cleaned up ALL the debris, not a scrap or nail has been found since.

The roofing crew arrived the next day and completed a very professional looking roof in a couple more days.

My family and I are very satisfied with the new roof and the great service we received from Jared Langley Roofing and Remodel.

I strongly recommend this company to anyone who needs roofing or remodeling serviced without hesitation.

Very Respectfully,

Bryan L. Flaherty
