

4020 Rosebrier Drive
Missoula, Mt. 59801

Mr. Jared Langley
Langley Roofing
Missoula, Mt.

Dear Jared:

With reference to our conversation yesterday concerning roofing job you just finished on our home at 4020 Rosebrier Drive, Missoula, and our being pleased with your employees and the roofing job that they all did for us.

As a matter of fact, we were pleased with every aspect of your work. For instance, your people did alot of things that we did not ask for such as keeping our gates closed so our little dog did not get out of yard., keeping all litter picked up, protecting our shrubs and other areas protected with tarps and being polite and courteous whenever we approached them. Also, we had just repainted our elevated deck and they took great pains to cover the deck <without our asking> to see that our newly painted deck was not damaged in any way.

Matter of fact, several people have approached us and asked us for our recommendations for their roof replacement and in each instance we have highly recommended your operation for your timely and very satisfactory work. And, we have been happy to make that recommendation.

We would be willing to make the same recommendation to others who may be asking what our experiences are in connection with your reroofing our residence.

Yours truly,

Gerry D. George
